- BIOL 2113/2113L—Anatomy I with Lab
- BIOL 2114/2114L—Anatomy II with Lab
- RADT 1010—Introduction to Radiology
- ALHS 1090—Medical Terminology for Allied Health Sciences
- MATH 1111—College Algebra
- ENGL 1101—Composition and Rhetoric

#### Selection Requirements—FAQs

<table>
<thead>
<tr>
<th>Question</th>
<th>Answer</th>
</tr>
</thead>
<tbody>
<tr>
<td>Can ALHS and/or General Ed classes transfer?</td>
<td>Students who have completed an occupational course at another institution more than seven years ago must pass a competency exam.</td>
</tr>
<tr>
<td>Minimum GPA required?</td>
<td>Yes, 2.75 in core courses, using the highest grade earned in each course.</td>
</tr>
<tr>
<td>Selection Basis?</td>
<td>GPA in core courses as identified above; in case of ties, grades will be compared in the order of courses shown above.</td>
</tr>
</tbody>
</table>

#### Criminal Background & Drug Screenings

A criminal background check and drug screening IS NOT required at this time for application into the program. If selected for the program, applicants must give authorization and have a criminal background check and drug screen completed for clinical sites. Failure to meet the requirements of the clinical site will result in the inability to complete clinical course work. This will be explained in detail during program orientation for the Radiologic Technology Program.

#### Apply and Prepare

- Submit all official documentation and transcripts to the admissions office by 5/12/2016.
- Update your current mailing address with Student Affairs.
- Documents are only considered official if received sealed in an envelope from the sending institution.
- If space is available, students who complete required courses during the summer prior to the start of the program and meet GPA requirements may be considered.
- Students must attend program orientation. Dates and times will be announced.
- Students will receive a letter of acceptance or declination from the Radiologic Technology Program Director during Summer Semester. Letters will be mailed to the address on record.
- Failure to confirm acceptance into the program will result in the student’s seat in the program being revoked and offered to another student.
- Applicant must know your student e-mail account to receive notifications.

#### Information for Selectees

**Complete Spring/Summer Courses:** The courses calculated for selection (ALHS 1090, ENGL 1101, MATH 1111, BIOL 2113/2113L, BIOL 2114/2114L, RADT 1010) require a C or better when Spring grades post. The highest grade earned for these classes will be included in the final selection GPA calculation.

**Financial Aid:** All students seeking financial aid who take fall courses must complete the FAFSA form at www.fafsa.ed.gov with 2015 tax returns; the school code is 005511. The deadline is June 30, 2016. Lack of planning has prevented some selected applicants from starting the program.

**Selected Student Transition:** If selected for the program, classes will begin August 22nd. Applicants are encouraged to have Financial Aid current and attend program orientation by August 22.

**Alternates:** Alternates are sometimes selected who do not earn a seat in the initial selection. Prepare for the possibility of selection after receiving the rejection.

Disclaimer: The above information is representative of, but does not overrule, the written Coastal Pines Technical College Radiologic Technology Degree Program Selection Process and Program Information procedures.
Application for Selection to the Fall 2016 Radiologic Technology Program

***Please Return Application to Your Local Admissions Office***

Please Type or Print:

                                           CITY               STATE               ZIP               COUNTY

Home Phone: ___________________________ Cell Phone: ___________________________

Completion of each of the following courses with a (C) or higher in each course is required to be considered for selection: (ALHS 1090, ENGL 1101, MATH 1111, BIOL 2113/2113L, BIOL 2114/2114L, RADT 1010). Students who have completed an occupational course at another institution more than seven years ago must pass a competency exam. The highest grade earned for the listed courses will be included in the GPA calculation.

*** Students will not be considered for selection unless this form, an admissions application and all supporting official documentation to include college transcripts for transfer credits are completed and submitted by the deadline; which is May 12, 2016.***
